## FUN 700

Model: F70/40GRGG/T  
Market: Extra UE

Cod: MP01412113000

### Technical data

|                                     |             |
|-------------------------------------|-------------|
| Modularity:                         | Top         |
| Dimension (mm):                     | 400x700x300 |
| Total gas power (Kcal/h):           | 6449        |
| Total gas power (kW):               | 7,5         |
| Cooking zone dimensions 1 (LxD mm): | 500x320     |
| Gas connection:                     | 1/2"        |
| Net volume (m3):                    | 0,084       |
| Packing dimensions (mm):            | 477x776x612 |
| Gross weight (kg):                  | 41          |
| Gross volume (m3):                  | 0,227       |

### Features

|                              |                                                                                                            |
|------------------------------|------------------------------------------------------------------------------------------------------------|
| Grill:                       | In cast iron                                                                                               |
| Working top:                 | Made of AISI 304 stainless steel with a thickness of 10/10 mm                                              |
| Knobs:                       | Knobs are made from a sturdy heat-resistant polymer blend and are equipped with liquid anti-leakage washer |
| Liquid collection container: | Removable and dishwasher safe                                                                              |
| Upright Splash guard:        | On two sides                                                                                               |
| Kit Gas:                     | Natural gas conversion kit 30/50 m/bar (tested with natural gas G20)                                       |

Gas grill top version. Top made of AISI 304 stainless steel thickness 8/10; covering in AISI 304 stainless steel thickness 8/10; external reinforcements made of anti-corrosion material (aluminised sheet metal); bottoms and internal parts in AISI 430 steel; flue cover in enamelled steel. Hob grill with V-shaped profiles in cast iron. Pull out tray for collection of residual grease which must be filled with water during operation. Stainless steel burner with pilot burner with piezoelectric ignition. Gas supplied by means of safety valve with thermocouple. - 1 burner x 7.5 kW. - Total power 7.5 KW.
